

AcousticTraffic 

About us

- ◆ Acoustic Traffic LLC was founded in 1997. Our company specializes in architectural and construction acoustics, including solution of typical sound- proofing, vibration isolation and room acoustics problems in industrial and civil construction.
- ◆ Acoustic Traffic is a leader of the architectural acoustics market, operating in Ukraine, Russia, Belarus, Georgia, EU states and the United States. Our products are exported to many foreign countries.
- ◆ Our company has a specialized acoustic design bureau and an architectural acoustics measurement laboratory certified by Ukrmetrteststandart.
- ◆ Our specialists developed acoustic design for hundreds of various properties, including business centers, residential complexes, hotels, retail and entertainment centers, movie theaters, recording studios, restaurants, clubs, bowling alleys, sports arenas, etc.

Measurements

Acoustic measurements

Our company has an architectural acoustics measurement laboratory certified by Ukrmetrteststandart.

We take onsite acoustic measurements on the premises of our clients using certified, calibrated measuring equipment, and develop acoustic design using licensed software.

Production

Own production

- ♦ **VIBROFIX** ANTI-VIBRATION MOUNTING ELEMENTS
- ♦ **VIBROSTOP** SOUNDPROOFING MEMBRANES
- ♦ **ACOUSTICWOOL** ACOUSTIC MINERAL WOOL
- ♦ **TETRAKUSTIK** ACOUSTIC PANELS
- ♦ **OPENAKUSTIK** ACOUSTIC SCREENS

Quality

Certificates

High quality of engineering services is the cornerstone for successful solution of complex problems in architectural physics. Acoustic Traffic has developed and implemented an ISO 9001:2015-compliant quality management system.

Our certificate of quality management system was issued by the accredited certification authority TÜV Rheinland Cert GmbH, Köln, Deutschland.
